MidTerm Progress  
Report  
Web Production  
MTM 6330  
October 15, 2018

**For my midterm assignment, I've made progress on my website by completing the front page mostly, I may add more photos and css later on.**

**I have my other pages in my website made with the main functions, I just need to complete the information that goes with each page.**

**I am having a hard time trying to figure out what I will be using Sass for in my assignment.**

**I expect to be completed my midterm assignment by October 21, 2018.**

**I had a hard time remembering the CSS for a lot of the work I've had to do for this assignment.**

**Here is a series of photos that shows the work I've completed so far:**
